Reception:

Check-in onsite at Albanel lake camping
Hours from 7 a.m. to 10 p.m. (9 p.m. in August)

Location:

178 km north of Chibougamau and
120 km from Mistissini (km 412 on Route 167)
(107 km on gravel roads)

Your cooperation would be appreciated!

In light of the isolation of Albanel Lake camping and even if it's possible for you to make the trip directly, it would be greatly appreciated if you made **A STOP AT THE RUPERT WELCOME CENTER** TO HELP US TRANSPORT necessary camping items to the lake.

Water is not drinkable at this location. It is recommended that visitors **boil the water** available onsite for about 10 minutes.

Dogs are prohibited in all buildings on the wildlife refuge, except for duly identified guide and assistance dogs. **Other domestic animals are prohibited** at all times. They are however **authorized on certain campsites and on the water.**

Smoking is strictly prohibited in all buildings, including accommodation areas and rental units.

Due to the geographical remoteness of the AAMW wildlife sanctuaries, **the territory is not covered by the cellular network.** These communication constraints and the distance from hospitals and emergency services can cause significant delays when an emergency response is required.

It is strictly forbidden to ride an ATV (all-terrain vehicle) in the wildlife sanctuaries.

The use of a **jet ski is strictly prohibited** on all bodies of water.

REMINDER FOR A SAFE AND RESPONSIBLE STAY

“Outdoor activities may entail certain risks. **You must therefore always make sure that you have the skills and abilities required by the chosen activity.** It is very important to be aware of the risks inherent in that activity, to know and respect your abilities and to have the appropriate equipment with you in all cases.”

Refer to the risk management plan section on the website for more information at nibiischii.com

QUIET AND RESPECT

Thank you for respecting the tranquility and the space of other groups present on the site.
Any group causing a disturbance on the site will receive a warning.

If this first warning is not heeded, the site manager may evict that group without refund.

Thank you also for respecting the work of employees and the site's opening hours (7 a.m. to 9 p.m.) and for not using generators between 10 p.m. and 7 a.m.

FISHING

CATCH AND POSSESSION LIMITS

- › **8 Walleyes**
- › **2 Lake trouts**
- › ***2,5 kg + 1 or 15 Brook trouts**
- › **8 Pikes**

*According to the first limit reached

On the water:

- Don't forget that **navigating on large unmarked stretches of water requires constant attention**, as there are many rocky outcrops and weather conditions can change rapidly and become dangerous.
- A boat over 4.9 m (16') with a motor of over 20 HP is **strongly recommended** for Baie Pénicouane, and a motor of over 50 HP for Lac Mistassini. A 9.9 HP auxiliary motor is also **recommended**.
- To avoid breakage, **short foot** motors are strongly recommended.

Visitors can come across Cree fishermen practicing their traditional activities (JBNQA) at the water points.

(James Bay and Northern Quebec Agreement (JBNQA)).

We ask you to be courteous and vigilant, nets may still be in use in the spring.

The camping is next to familial native camps.

It is prohibited to use native camps throughout the territory.

Thanks for keeping the site and water access unobstructed at all times.

ATTENTION, ANGLERS!

Access rights are issued on the day. They are therefore valid as of the time of issue on the day you arrive **until 11:59 p.m.**

A daily access right must be obtained for each day of fishing.

AVOID FINES

- › Have a copy of the **access right** to the body of water on you and visible in your vehicle
- › Have your **fishing license** on you at all times
- › Wear a **personal flotation device (PFD)**
- › Have a **boating safety kit** in your craft
- › Declare your daily catch in the gutting shelter or at the campsite reception desk
- › Have your **Pleasure Craft Operator Card** with you in your boat

BEFORE LEAVING

DEPARTURE

- › **BEFORE 12 (NOON) FOR THE LODGINGS**
- › **1 P.M. FOR CAMPING**

Cleanliness: A \$100 housekeeping charge may be billed to clients who do not leave the premises in clean condition.

TERRITORY

Since it has more than 5,000 lakes, it is very difficult to ensure quality access and up-to-date information for all water bodies.

Several users circulate and occupy the territory, which can accelerate the deterioration of the roads. Thus, it is not possible to guarantee the condition of the paths and the water launches. Access is at the customer's own risk.

Access fees are non-refundable.

***A boating safety kit is mandatory according to federal regulations in the craft. Included when hiring boats.**

No motor or boat rental onsite. **(Rental is no longer available in Chibougamau or in Lac-St-Jean.)**
