RUSTIC CAMPING ON THE SHORES

Registration : Directly at Rupert Welcoming office
Open from 7AM to 4PM in June to September.

- ❖ Minimal stay of 2 nights
- ❖ Fishing access rights need to be purchased separately
- ❖ Maximum of 6 people per group (including children).

Arrival : 1PM

Departure : 1PM

** If additional people intend to join your group, we strongly recommend that you make a reservation for these people. That way, and since the number of people per day is limited, they will avoid being denied access.*

*** The confirmation of your reservation is NOT a Right of Access Pass! The Right of Access Passes are issued via the Rupert Welcoming Office and these can be sent to you by fax or e-mail. Please ask for more details.*

Layout : Rustic camping (no-infrastructure) – ATTENTION! You cannot camp at the launching area for safety and to allow other users to circulate.

Boats : 2 rowboat and 2 canoes are available on site. The use of a personal canoe is recommended.

FISHING

Catch and release : Mandatory for the Robineau lake and surrounding waterbodies

Consumption of fish is allowed on site only, all fish (released or consumed) need to be registered for each group

Boats : 2 fiberglass rowboats of 16 fe available on site, motors non included. Motor recommandation : short foot 15Hp.

Safety equipment : Adult sized floating devices are provided, as well as manual propulsion devices. For small children, please bring your own PFDs that are appropriate for your child's size.

*Safety kit is mandatory according to the federal legislation and is not included in the boats provided.

ADDITIONAL INFORMATION

Respect and Quietness: Clients must respect the tranquility and space of other groups on the site. A group causing disturbance will receive a warning which, if not respected, may lead to the expulsion of the group by the site manager without further notice or refund of the stay.

Clients must also respect the employees' work, as well as the site's opening hours (from 7am to 10pm).

Non-drinkable Water: The water on the site is non-drinkable. It is recommended to bring clean water, or to boil the water available on-site from 10 to 20 minutes.

Territory: The territory managed by the Nibiischii Corporation is huge, with over 5 000 lakes. Considering that the operations last only about four (4) months, it is very difficult to ensure quality access and updated information for all waterways. Furthermore, several users circulate and occupy the territory which results, in certain situations, to an acceleration of the deterioration of the access roads. Therefore, the quality of the access roads and of the boat launching areas cannot be guaranteed, their access and use being at the client's own risk. The Right of Access Pass is not refundable.

On the Road: A 4x4 vehicle with good ground clearance is recommended, or even required, for access to certain waterways. Furthermore, since the distance to be traveled on gravel roads is considerable, it is strongly recommended to bring two (2) inflated spare tires.

On the Water:

- Keep in mind that navigating on large and unmarked waterways with lots of rocks and the presence of weather changes that can quickly create dangerous conditions, requires constant attention.
- **Avoid infractions!**
 - Have your fishing permit on you at all times
 - Wear a Personal Flotation Device (PFD)
 - Have a boating safety kit in your watercraft

Pets : Pets are not allowed in the lodging units.

Usage du tabac dans les lieux publics : Il est strictement interdit de fumer dans les lieux d'hébergement, dans les unités locatives de même que dans tous les bâtiments publics de la Réserve faunique. Pour connaître les règles en vigueur dans notre réserve faunique, veuillez communiquer avec l'établissement.

Other

- No guide services offered.
- Plan a flashlight to move in the dark.

RESOURCE PROTECTION

Catch and release: Catch and release allows the sustainable management of the species and favor a higher quality of the fishing for the next generations. This sustainable practice enhances and maintain the state of the fish population.

Reminders for a Safe and Responsible Stay

- Outdoor activities may involve some risk. You must always make sure that you have the skills and abilities required for the chosen activity. It is very important to be aware of the risks involved in this activity, to know and act according to your abilities, as well as to have the appropriate equipment, when required.
- **Federal Regulations prohibits anyone from operating a motorboat unless proving having passed a Boating Safety Course** in Canada before April 1st, 1999, **or possessing the Pleasure Craft Operator Card** issued by Transport Canada following the successful completion of an Approved Boating Safety Course.
- **As stipulated in the Wildlife Reserve Regulation, every person who practices the fishing activity must, upon departure from the territory, report his/her activity to the place determined for that purpose, the whole by indicating and detailing all daily catches.** Violation of this regulation constitutes an infraction and is punishable of a fine starting at \$250.
